PARTNER ACTIVITIES according to SOCIAL MEDIATION

- *Partner: MJC AGORA*
- *Target group: young people*

What is, for your organisation, the most successful action of social mediation concerning young people with limited employment opportunities who dropped out of school in order to provide them better career opportunities

Project title:	Mediation / Coaching of young dropouts
Description:	<p>The set of measures that are settled towards dropouts are enclosed here. Youth leaders of youth sector are sometimes in contact with young dropouts that are normally already noticed by the School and registered at the Local Mission.</p> <p>Actually the MJC intervenes more regularly on these youngsters when they leave, once more, the integration path in which they are registered with the Local Mission.</p> <p>The MJC and the youth leaders play the role of guardrail to remind these youngsters that they must pursue their integration movement started with the Local Mission.</p>
Strengths:	This mediation work requires a good knowledge of plans and a good relationship with the referents inside these plans. That is to say a work in network.
Weaknesses:	Patience is not one of first qualities of these youngsters. It is always too difficult to maintain them in an integration path frequently seen as complicated.
