

Target group meeting / workshop
September 2012

- Partner: MJC AGORA
- Target group: YOUNG PEOPLE/IMMIGRANTS

Goal	Improve social and work inclusion of target group
Objectif	Improve social integration of young immigrants waiting to be regular in the French territory.
Methodology	A young man came during the "Open days" of our organisation. He really helped us during our sports courses. He had a good confidence relationship with our sports educator. We choose him about his situation and by the way the fact that he had no way to pay his licence, his participation (110 Euros/years) the organisation had integrated the yours man to our boxe team. Instead of paying his participation he helps us in the organisation of manifestations.
No. of beneficiaries involved	1 young man of a foreign origin.
No. of staff operators involved	1 sport educator
Activities	Thaï boxing
Outputs and results	It often occurs to our organisation. For integrating young people in difficulty whose unable to pay (only justified costs) by the intervention of the social department of the region. It's always more difficult when it concerns people or families on the way to be regular in France. In this case the organisation pays for them.
Strengths identified	The rules tell us about the text , the spirit of the text. In such difficult situation the organisation rather the spirit of the text.
Weaknesses
