

Target group meeting / workshop
September 2012

- Partner: MJC AGORA
- Target group: YOUNG PEOPLE

Goal	Improve social and work inclusion of target group
Objectives	An action of mediation to help a young man to find a job
Methodology	A 19 years old man of our youth section without skill had been introduced to a deputy mayor of our area. The goal was to make him benefit the new “contract d’avenir” which are French new working contract destined to young people and from a part of it granted by the government. By the way he is working for the municipality : on the street cleaning service or the gardening one.
No. of beneficiaries involved	1 young man aged of 19 years old.
No. of staff operators involved	The leader of the youth section
Activities	Youth section: this young person is involved in our youth section since he was 8 years old.
Outputs and results	There will probably a positive issue as soon as the new government put the new dispositive towards youth in place.
Strengths identified	Make nearby actions of mediations with local politicians on a dispositive of employment help towards young people.
Weaknesses	Our organisation is not considered as specialized on unemployment issues but it eases it by its relationships. When AGORA has the opportunity with any company we try to help our young people by introducing them and mostly in a successful way.
Other information	By the way on September Agora hired about 10 young people from the area on children leisure centre for the holidays and every Wednesday.
