"improving quality of education for adults among various social groups"

BARTIN PROVINCIAL DIRECTORATE OF NATIONAL EDUCATION

presents the European project LET'S DO IT BETTER "improving quality of education for adults among various social groups" approved by the National Agency LLP (Lifelong Learning Programme), in range the Grundtvig program.

The project borned from the need to confront the partners at European level non-formal learning and to learn from each other what are the best practices related to adult training in vulnerable social groups experiencing the margins of society.
